

NCAA Library and Archives Contacts

NCAA Library and Archives

Housed within the NCAA national office in downtown Indianapolis, the NCAA Library and Archives protects and houses a unique collection documenting the history of the NCAA and intercollegiate athletics. The collection includes the papers of past executive directors, the results of championships, minutes of NCAA committee meetings, NCAA publications, including The NCAA News, as well as other resources for the study of intercollegiate athletics.

The NCAA Library and Archives exists to support the National Collegiate Athletic Association in its endeavor to maintain intercollegiate athletics as an integral part of the educational program and the athlete as an integral part of the student body. The library's priority is to serve the national office staff and the NCAA membership. We do welcome inquiries from the general public and outside researchers based on staff availability.
