

THE SQUAD

Princeton was defeated 12-5, but the Army lost to Columbia 9-8, and to Yale 10-7. These last two meets were very closely contested, and it is now felt that the team will have no difficulty in defeating them at the intercollegiates.

Everyone expects the team to bring back the Iron Man Cup, as well as one or two individual championships. One cannot judge the success of the team until it has returned from New York, but indications are that it will have a most successful season.
