

YALE FENCERS WIN NEW ENGLAND TITLE

Triumph With Foils and Place Second With Epees and Sabers in Boston Meet.

HARVARD SECOND IN FOILS

**Dartmouth Victor in Saber Division
and M. I. T. in Epee—Potter
of Elis Shows Skill.**

Special to The New York Times.

BOSTON, March 29.—Yale's fencing team annexed the New England intercollegiate fencing title when it defeated the fencers of Harvard, Dartmouth, Norwich and M. I. T. in the Boston A. A. tonight.

The Eli fencers took first place in the foils and second in both the épée and saber events. Harvard was second to Yale in the foils while the Dartmouth swordsmen triumphed with the sabers and M. I. T. scored unexpectedly with the épée.

It was announced that the first two teams at each weapon will represent this district in the intercollegiate championships at the Hotel Astor, New York City, next Thursday and Friday. In the foils Harvard and Yale fencers will represent this district with Jack Potter, Archibald Busby and Captain Edward Hill competing for the Blue and Captain Henry Wesselman and Henry Cassidy for the Crimson. Joseph Allen of New York City, manager of the Harvard team will be with the Crimson foilsmen.

Team Duplicates Performance.

Yale's strong foils team duplicated its performance of last year when it won the New England championship and then later did well in the championships at the Hotel Astor. The Elis shut out Dartmouth, M. I. T. and Norwich without a point and gave three points to Harvard as Wallace Walker of Pelham Manor, N. Y., fenced under the handicap of an injury which became aggravated in an early bout. Hill replaced him in the other team matches and kept the Yale winning record intact.

In dual matches Yale's record was such a fine one that the Elis were picked to win the title here again. The team coached by Robert Grason has numbered among its conquests N. Y. U., Cornela and Hamilton in a meet, and Navy, Harvard and Princeton. Its only loss was after a terrific struggle with West Point, the Army gaining a 9 to 8 victory.

Potter Proves Star.

John Potter proved the star of Yale's team. His conquests over Harvard's three fencers, Captain Messelman, Cassidy and Allen were brought about through the exercise of perfect skill. Especially with Cassidy did he engage in a close match, for if a defeat could have been marked against the Yale fencer for the day in foils, it would have been by Cassidy.
